

The New York City Department of Health requires that all animals being groomed must be up to date with current vaccinations. This includes Rabies, Canine Distemper(DHPP/DAPP) and Bordetella.

As a small business we appreciate your patronage and understanding. We hope to remain your top choice for pet grooming.

Thank You
The Groom Room

Health Code 161.15(B) states:

Entities providing grooming services only. A holder of a permit to operate a grooming parlor where only grooming services are provided must obtain from the owner of each dog that is provided services either (i) a sworn statement of the owner that the dog is currently actively vaccinated against distemper, adenovirus, parainfluenza, parvovirus and Bordetella along with the name and contact information of the veterinarian who administered the vaccinations, or (ii) a receipt from a veterinary office for vaccines provided, or (iii) a summary of a veterinary visit prepared by the veterinary office indicating such vaccines were administered, or (iv) a copy of a signed letter from a veterinarian stating that the dog has been so vaccinated or that the dog has a medical condition for which vaccination is contraindicated. The accepted proof must be maintained on the premises for at least one year and provided to the Department upon request.
